"I AM" EMPLOYER, EMPLOYEE, AND MONEY

The Cosmic Moment has struck, Beloved Ones in America, when the Ascended Masters call you to Victory and Freedom in the Light.

The Great Ascended Master Arcturus in His Instruction to the "I AM" Students some months ago explained the reaction of the Great Law of Life in the waste of time; and it is one of the most important things for mankind to understand and remember. An Ascended Masters' Words are "Cups" which contain the energy from that one's own Octave of Life. That energy is qualified with the Ascended Masters' Consciousness of Eternal Perfection. It is sent forth into the physical world, and you accept it into your feelings. It charges you and your world with the same great Perfection which that Ascended Master is. It is exactly the same as when you hold a piece of steel to a magnet. If you leave it there overnight, the next morning the piece of steel has become a magnet also. It has absorbed the qualities of the magnet to which it has been attached.

That is exactly the way unascended beings absorb the Ascended Masters' Qualities, which in turn raise the human into the Divine. I quote from the Ascended Master Arcturus' Discourse on pages 118-119 of Ascended Master Discourses.

> *We look into the atmosphere of Earth, and see in the social world, which has been taught through habit, to waste long hours in playing bridge and such various activities. Think, Precious Ones, what those hours spent calling forth the Perfection of the "I AM Presence" into their own world and America would mean. Is it not curious how mankind has sought through habit—Oh, God!—to* kill *time? Think of it! Think of the millions of times that expression has been used: "Oh, I just want to kill time." Precious Ones, if you have ever uttered those words, please do not utter them again. Words are cups which carry the qualities which you express.*
>
> *When We focus the Mighty Rays of Light and look upon the Earth from Our own Octave of Light, We have seen the great waste of time—human beings actually doing what their words express: "killing time." It means that you are depriving yourself of the time allotted to you here on Earth to produce Perfection in your world.*

That means if you waste time in this life, you will have severe experiences in the embodiments which follow; and whatever is needed to complete your Victory in the Light will be crowded into one, two, or three embodiments to compel you to fulfill your own plan in physical experience.

So wake up and utilize all your time in the Service of the Light! Let us take this same situation in business. An employee who wastes his time loses his job. It would be unfortunate enough if you just wasted time, but wasted time is creating something which you will later on have

to use more of Life's energy to dissolve before you can have your Eternal Freedom. You must pour back to Life a blessing which will expand it and enable it to expand greater blessings to the rest of the Universe. That is the Law. The outer world calls it growth; but the Great Law of Life says, "It is the Expansion of My Life." You cannot buy Life. It is the Supreme Authority. It is relentless in compelling a Balance of all things throughout the Universe. When mankind's feelings become so stubborn they will not make the balance, Life says, "All right, we will return that discord again, again, and again, until through suffering the human cries out in agony and says, 'O God! Show me the true way.' "

You, if you are in a destructive line of business, do not ask for protection nor happiness. Happiness only comes from constructive activities; and permanent Happiness comes only to those who know the Limitless Source from which all Life, energy, substance, and every good thing comes—the "Mighty I AM."

When you realize the Great Law of Life is constantly returning to you that which you send out, some of you are being reprimanded pretty severely today. It is a terrific arraignment of Life; and Life will not warn you by saying, "Watch out! You're going to suffer for what you send out." Life is simply silent, waiting until you have enough suffering. The Ascended Masters have prompted and prompted again and again: do not do that, or you will have to pay the penalty; but your own Life remains silent and returns to you again and again and again your own misery. Still the stubborn feelings in the average person will not let that person say, " 'Mighty I AM Presence' of Life! Take all this discord out of me, and take me out of misery!"

So much of what mankind does creates conditions which will return upon them into the next embodiment. When it comes to people who have or made money, whether it be your relatives, friends, or people in the business world, please do not have resentment or be jealous of those who have plenty of this world's goods. They have it because they have poured their attention upon it and poured their Life energy into it, either in this Life or the last one; and by the action of the Law they have drawn it to themselves. Therefore, Life has given it to them.

If you want money, ask for your own right channel of supply, and do not keep your eye on someone who has it or the Ascended Masters hoping They will release it to you. Do not try or even hope in your feelings that your relatives or someone with money will give you what you want and you will not have to give them anything in return for it. Turn your attention to your own "Mighty I AM Presence" and obey the Law of Life. First pour to your "Presence" the Love and Gratitude for Life and for all Life has given you. Call for what you need, fill your part of the agreement, and make your mental photograph of what you want. Make your mental picture of what you call for. If you want a drink of water, you hold the glass under the faucet or pitcher and make effort to release it. If you want Life to fulfill your requirements, offer the "Cup," and let Life show you how quickly and easily it will come.

Turn your attention first to Life—your own "Mighty I AM"—and give It a chance to fulfill your Call. Your Call is absolutely imperative. Life cannot give you a specific thing unless you make the Call and specify what you want. When you go into a department store for something, you have to ask the clerk for what you want. exactly on the same principle. If you want something of Life, you are the designing, selective intelligence, and have the Free Will to select what particular thing you need in your world.

Therefore, if you will call to your "Mighty I AM Presence," you will get it; but to just sit down and either intellectually say over your affirmations or silently pray for a thing does not release enough energy with a powerful enough force back of it to project it out into the atmosphere around you and allow Life to send back to you on your own stream of energy the fulfillment of your Call.

There is only one Mighty Law of Manifestation. It is the Law of Energy and Vibration; and your "Mighty I AM Presence" is willing to give you the fullness of every good thing to make you happy, harmonious, and successful in every way. Life does not care how much money you use any more than it cares how much air you breathe or water you drink. Money is what? A manifestation of metal or paper. You carry plenty of tin cans home from the grocery store and think nothing about it. Money is just a container—a little messenger of convenience to enable balance to be established more easily and quickly. Every bit of money that passes through your hands should be charged with the Ascended Masters' Power and Light Rays—with the Knowledge of the "I AM."

You can call the Mighty Light Rays to charge that money exactly the same as you charge your electric battery in the garage. You can ask the "Mighty I AM" and Ascended Ones to charge every bit of money with Divine Love, Purity, Happiness, Balance, and the ever-expanding Vibratory Action and Power of Light from the Ascended Masters' Octave of Life. Then release it and send it forth as your messenger of balance to everybody who touches it to release the Ascended Masters'

Power of Light, Balance, Perfection, and Supply into the mind, body, being, and world of everyone who touches it.

You have a Scepter of Power to purify the money supply of the world to which there is no second if you will dare to do these things. If you will ask for everything you want to come into your world as a glad-free gift of Love with the Power of Light and Life, everything will come to you harmoniously; and it will come charged with the Mighty Power of Light and Love which means more Harmony into your world. That which does not come into your world by the Power of Light, Love, and Harmony, you are a million times better off without.

You and your world are better off without any of the things you crave unless they come to you through Divine Love. You are dealing with Light, energy, and vibration. Every quality you pour out is coming back to you. If you love your "Presence" enough, you will have every good thing; for wherever you are, your "Presence" is, and if you Call It into action, you are always protected. Even though the planet dissolved under your feet, you would find yourself somewhere high and dry, supplied with everything that you require. But you must love your "Presence," your Life, more than anything in the Universe, and as much as you love your own breath when someone wants to take it away from you.

Therefore, Beloved Ones, Life is relentless but beneficent; and he who loves Life will do everything in his power to cooperate with Life and release the Mighty Light Rays of the Ascended Masters to bring those same Mighty Blessings to all mankind; for

"The Light of God Never Fails!"
"The Light of God Never Fails!"
"The Light of God Never Fails!"
And the "Mighty I AM Presence" is that Light!
